

## ***INTRODUCING SMARTPAY FROM THE PLD GROUP INC.***

Say ‘Hello’ to a better way to boost collections by offering online payments, tailored with your needs in mind. With our custom-designed payment processing solution, we help with getting money deposited into your account faster ... We are the PLD Group, and this is what we do best!

The PLD Group is happy to announce SmartPay, an online bill payment program, that is secure and robust. We have an exclusive agreement with First American, as our exclusive payment processing partner to provide easy and secure payments, at an unbeatable price. Together we have removed the headache of PCI Compliance for our customers. It can’t get much easier than that!

### **What Improved Efficiencies Can I Expect?**

**For Front and Back Office:** Increase collections and cut costs by accepting credit, debit, and eChecks, including automated posting to your banking account.

**Payment Plans:** Our system allows payments to be set up for in the future or for reoccurring payments – great for payment plans.

**Accessibility:** Payments can be made across all devices, including desktop, phone or tablet.

**Security:** We take data protection seriously. All payment transactions are encrypted using industry-standard Transport Layer Security (TLS). All transactions fall under PCI-DSS Compliance so you can rest assured your customers/patients payments are safe.

## What Features Can I Expect?

- PCI-DSS Compliant, secure, hosted online bill pay
- Recurring or scheduled Payments
- Dedicated Customer Service 24/7/365 through First American
- Payments integrated with The PLD Group software
  - Set up is easy, there is no software to install
